El Paso, TX – The El Paso Police Department's Special Traffic Investigations Unit responded to assist Central Patrol on a single vehicle crash that killed a 25 year old man. A Central Patrol Officer was traveling on I10 west at around 1:25am on Monday November 18, 2013 when he observed a small black car pass him at a high rate of speed. The officer realized he wouldn't be able to catch up to the vehicle and requested a spot broadcast be sent to the Westside Regional Command so that they would be aware of the speeding vehicle. As the officer continued to travel westbound he located the vehicle which had crashed into a concrete support for an overpass at the Mesa off ramp. The officer found the driver, 25 year old Constantine Coloduros, unresponsive. The passenger in the Subaru, 26 year old Michael Zamora, was able to exit the crashed car and assist in rendering aid to Coloduros. Coloduros was transported to University Medical Center where he was pronounced dead. At this time investigators have determined that speed is a factor in this crash.
